A corporate or organizational audio or video podcast can help you communicate to your target audience in a more intimate or relaxed fashion. Build Your brand, enhance relationships, share your expertise! We help coach your team on how to get the best presentation possible. Produced, edited, and uploaded right here at Radio Garage!

PROFESSIONAL IN-STUDIO PODCAST

This is where business podcasts take on a polished sound.

- Voice Coaching and Engineering
- Intro/Outro Music (Licensed & Royalty Free)
- Announcer Intro/Call-to-Action/Disclaimer
- External Phone or Studio-to-Studio Patch
- Teleprompters
- In-Studio Video or PC Feed
- Multiple Seating/Recording Options
- 2 Full-Time Professional Recording Studios

FIX OR ENHANCE YOUR EXISTING PODCAST

Is your podcast "nearly" ready for air but it needs a few tweaks? Let us help. Our audio engineers can:

- Remove reverb and room noise
- Level volume & fix clipping, pops & sibilance
- Edit out mistakes or repair dialogue
- Format or shrink files for specific delivery

TRAINING AND DIY SUPPORT

You may have the facilities and equipment to support your own podcast. We'll help give you the kickstart a professional podcast deserves. We provide:

- Voice Coaching
- Interview Techniques, Tips, and Tricks
- Microphone Best Practices
- Production Requirements
- Music and Intros
- Equipment Needs, Setup, & Use
- Room Tuning & Acoustic Modeling

Classroom & Private One-on-One Coaching Available!
